Dear Mr. Blenkinsop:

Re: The SFU/Gabriola Place Based Schooling Partnership Project

The Gabriola Island Local Trust Committee (LTC) is pleased to hear about your Community Partnership Development Grant application to develop place based education at Gabriola Elementary School. Our Trustees fully support your efforts to develop this valuable program within the Islands Trust Federation.

We are interested to learn more about how the LTC and the Islands Trust can support your project through the sharing of intellectual leadership and expertise in community planning, conservation and land stewardship. Please feel free to use my name as the contact person for the Gabriola Local Trust Committee, should you require additional information as you complete the "*Description of Formal Partnerships*" and "*Knowledge Mobilization Plan*" as part of your application process.

Best Regards,

Laura Busheikin, Chair
Gabriola Island Local Trust Committee
