Subject: Hornby Island Bylaw 163

Hello Heather,

I am writing to let you know that the Hornby Island Housing Society (HIHS) is in support of the bylaw amendment (Bylaw 163) which would amend Schedule B, the Zoning Map, of the Hornby Island LUB to change 5040 Central Road from R3 (Elder Housing) to Community Housing R3A (ISLA).

We appreciate the effort that Islands' Trust has put toward expediting this amendment. The Hornby community is very keen to see housing available there as soon as possible, as affordable housing is a top community priority. We anticipate that HIHS will be preparing development permit applications in consultation with community members over the coming month, with construction to go forward as soon as all approvals and permits are in place.

Sincerely,

JoAnn Harrison

President, HIHS
