TRUSTEE REPORT

The Year of the Pandemic

2020 was a year unlike any other in our lifetimes. Our community has been unable to gather to acknowledge the passing of friends and family who were, and still are, threads in the fabric of our community. We have not held any of the community events that normally bring us together, and are hopeful for opportunities to share space later this spring, as the Covid vaccination program rolls out. We want to recognise and thank all those who kept us safe this past year – the Ambulance Service, Fire Fighters, and the Galiano Health Care Clinic. Those who kept us in provisions, the food establishments, the Saturday Market, and Soup and Bread. They adapted to keep going and helped us keep up our spirits and resolve to stay safe. We are thankful to live in an area where maintaining physical distance is easily possible with our beautiful outdoor spaces. Stay safe, Galiano!
