

Islands Trust

Towards Excellence in Governance

The Islands Trust Council has adopted a Strategic Plan to address the challenges of the 21st century as effectively as possible. **“Excellence in Governance”** is one of our top strategic priorities and we established a Governance Task Force to focus on this important task in the current term. At this point, the Task Force is seeking ways to improve **political representation** in the Islands Trust Area. Any changes to the political structure of the Islands Trust would require amendments to the provincial *Islands Trust Act* and only the provincial government can make such changes. The Ministry of Community Services has agreed to consider our recommendations about improvements. It has shared in the costs of a Governance Review to analyze the existing situation, identify concerns and suggest options. Before making any recommendations to the Ministry, we want to hear the ideas of those who live and/or own property in the Islands Trust Area.

Please come and find out more and then let us know what you think about:

- ◆ the size of Local Trust Committees;
- ◆ the structure of the Islands Trust Council; and,
- ◆ the coordination between the Islands Trust and regional districts (currently we are focusing just on coordination with the Capital Regional District, but would like to know what you think about this topic throughout the Trust Area).

We'd like to hear from you

- ▶ **Come to a meeting**
- ▶ **Check our web site or your library**
- ▶ **Fill out a survey**
- ▶ **Write us a letter**
- ▶ **Send us a fax or an email**
- ▶ **Or simply talk to us**

Your trustees will host public meetings where our Chair, Kim Benson and Chief Administrative Officer, Linda Adams will present information on the Governance Review and some of the options for change. This will be followed by a question and answer period and an opportunity to provide your comments.
